

## Backflow Assembly Testers 2020

The Texarkana Water Utilities has provided this list, as a courtesy, and cannot endorse nor recommend any tester. The list contains testers who are registered with the Texarkana Water Utilities to test backflow assemblies in the territorial boundaries of the Cities of Texarkana and any assembly where water service is under the control of Texarkana Water Utilities. All assemblies and testers are subject to requirements of the Codes of Ordinances of the Cities of Texarkana, Arkansas and Texarkana, Texas. Any licensed and registered backflow assembly tester (general tester) may test assemblies installed on domestic water supplies and irrigation systems excluding fire sprinkler systems. A licensed and registered fire-line tester is required to test assemblies installed on a fire protection system. Only licensed plumbers and/or testers that have a repair certification in Arkansas may repair assemblies in Arkansas.

### General Testers

Company	Phone Number	Testers	Test	Repair
AA Backflow Testing & Repair	(903) 280-8067	Carl Hawkins	AR/TX	AR/TX
Allen's Environmental Services	(903) 930-6235	James Allen	TX	TX
